

# Homewell Practice

December 2018

We at Homewell Practice are a hardworking and supportive group of GPs with an extensive and experienced Multidisciplinary clinical and admin team.

Below is some visual and written information which we hope will help you to understand who we are and what working at Homewell Practice will offer you, now and in the future.

- one size doesn't fit all!

We are supportive and enthusiastic, enjoy our work and never go through a day without meeting up as a team and having something to laugh about. Home life and work life balance is important to all of us, hence the wide variety of roles represented at the practice.

## Our Patients

Our Patients come from all walks of life and we practice in a very mixed area, mainly deprived but with a pocket of affluence - and working men and women. On the whole though we look after patients with challenging health and social needs, so your care really matters to our patients. As such we are able to make a real difference to patient's lives and this presents us with both challenging and rewarding times on a daily basis! We currently have 15,200 patients on our list which makes us one of the larger practices in the Havant area.

We have a dedicated and long standing patient participation group that have been loyal to the practice for many years and that we continue to work with to expand their representation.

## The Area

Water predominates so if you sail, canoe or just paddle whilst walking a dog, you have it by the bucket load! Cowes week is always one event to put in the diary.

There is so much to do locally from the theatre to the races ( both horse and motor at Goodwood).

The South Downs frame the back drop where you can lose yourself walking , riding (bikes and horses ) or if you are keen, paragliding, hot air balloons and even taking a ride in a Spitfire are all available from Goodwood!

Shopping is excellent , with the City of Chichester only a few miles away and London an hour away.

Festivals including IOW and Victorious in Southsea are also on your doorstep and Cowes week is always one event to put in the diary.

Working is part of living and living is about being happy in all aspects of your life. It doesn't have to be easy and general practice isn't easy but it is a rewarding and enjoyable career and one you can make work through your life if you are in the right place with the right people.

Find out more about Havant, the surrounding area and things to do at Havant Get Outside:
